

India

In March 2014 India became a Member, joining the global effort to develop, maintain, and enable the use of SNOMED CT terminology to achieve semantic interoperability in health systems.

National Resource Centre for EHR Standards (NRCeS) set-up by Ministry of Health and Family Welfare (MoH&FW), Govt. of India at Centre for Development of Advanced Computing (C-DAC) Pune represents India at SNOMED International. NRCeS assists in and supports adoption of EHR Standards, including SNOMED CT, in the country. NRCeS provides free tools/SDKs for integration, licenses, and training to build awareness among all stakeholders.

More information about SNOMED CT in India can be accessed here: <http://www.nrces.in>

Affiliated licenses can be obtained at <https://mlds.ihtsdotools.org/#/landing/IN>
